BLS (Instructor-Led Training)

Basic Life Support (BLS) trains healthcare providers to recognize life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations, and provide early use of an AED. In this instructor-led course, students participate in simulated clinical scenarios and learning stations. Learning is reinforced by skills practice, skills testing, and a written exam.

BLS Providers must certify every 2 years.
Required for all UAH Nursing students and recognized by most hospitals.
